

LT: I can use various resources in order to describe and evaluate solutions to human caused environmental concerns. 4.7.1

**Investigating Solutions graphic organizer.**

<b>Human Impact</b>	<b>Solutions / Actions</b>
<b>Climate Change</b>  Causes:	Individual:
	National / Global:
	Technology:

## Climate Change

Resource	Description	Type of solution
<a href="https://www.ucsusa.org/global-warming/what-you-can-do/ten-personal-solutions-to.html#.Wv9pcPZFzD5">https://www.ucsusa.org/global-warming/what-you-can-do/ten-personal-solutions-to.html#.Wv9pcPZFzD5</a>	Online text, lists 10+ ways to reduce individual impact on climate change	Individual
<a href="https://www3.epa.gov/climatechange//kids/index.html">https://www3.epa.gov/climatechange//kids/index.html</a>	Student-friendly list of actions* if link doesn't work, google search "EPA student guide to climate change"	Individual
<a href="https://climate.nasa.gov/solutions/resources/">https://climate.nasa.gov/solutions/resources/</a>	A set of resources that provide solutions at the national and global levels	National / Global
<a href="https://www3.epa.gov/climatechange//kids/solutions/technologies/index.html">https://www3.epa.gov/climatechange//kids/solutions/technologies/index.html</a>	Student-friendly list of technologies*if link doesn't work, google search "EPA student guide to climate change"- "BE Part of the Solution"- "Technologies"	Technology
Over Consumption of Natural Resources		
<a href="https://www.ted.com/talks/hendrik_poinar_bring_back_the_woolly_mammoth">https://www.ted.com/talks/hendrik_poinar_bring_back_the_woolly_mammoth</a>	Video and associated resources outlining how to use modern biotechnology techniques to bring back extinct organisms	Wildlife -- Technology
<a href="https://www.sciencealert.com/scientists-are-fitting-rhinos-horns-with-spy-cameras-and-alarms-to-catch-poachers">https://www.sciencealert.com/scientists-are-fitting-rhinos-horns-with-spy-cameras-and-alarms-to-catch-poachers</a>	Online article outlining how conservationists are using small spy cameras in the fight to protect rhinos & catch poachers	Wildlife -- Technology
<a href="https://www.wcs.org/our-work/solutions">https://www.wcs.org/our-work/solutions</a>	Set of online resources that provide solutions at the national and global levels	Wildlife -- National / Global
<a href="https://www.pca.state.mn.us/living-green/personal-action">https://www.pca.state.mn.us/living-green/personal-action</a>	Set of online resources outlining how to reduce consumption and waste in a variety of settings	Individual
<a href="http://www.seafoodwatch.org/">http://www.seafoodwatch.org/</a>	Set of resources that provide solutions to overfishing and promoting sustainability	Individual / National / Global
<a href="https://www.rainforest-alliance.org/issues/forests">https://www.rainforest-alliance.org/issues/forests</a>	Online resources around a range of sustainability issues	Individual / National / Global

Calculate your Carbon Footprint: <https://www3.epa.gov/carbon-footprint-calculator/>
